

Air Dryer

The Cooling You Feel It...
ISO 9001:2008 CERTIFIED ORGANISATION

'Kelvin' are engaged in providing high quality **Refrigerated Air Dryer** that is manufactured in compliance with set industrial standards. The Refrigerated Air Dryer is known for its high performance and longer working life. Manufactured with precision, our Refrigerated Air Dryer is high on demand among the various industries.

Features :

- φ Compact and innovative Design
- φ Non-cyclic Operation
- φ Low Energy consumption
- φ Constant Dew Point
- φ Low pressure drop
- φ Environment friendly refrigerant
- φ Customized air models
- φ Easy in Installation & Operation
- φ Low maintenance and Easy to service
- φ Load Handling Capacity 0 to 100% without Freezing
- φ Special Electronic Controls for Constant Evaporating and Condensing temperature
- φ Specialized Ranges from 0.5 kg/Cm; to 80 kg/Cm;
- φ Range from 50 to 5000 cfm

Environment Friendly
Protects Ozone Layer
