

Dehumidifiers

The Cooling You Feel It...
ISO 9001:2008 CERTIFIED ORGANISATION

Model : KLH-3000

Advantages / Application :

- ▲ To protect laser sensitive equipment
- ▲ More productivity
- ▲ Quality of the documents maintained and life enhanced
- ▲ Printing errors reduced thus reduced wastages and more efficiency
- ▲ Adherence to standards
- ▲ Better shelf life of products
- ▲ Effectiveness and efficiency of machines maintained
- ▲ To enhance the life and appearance of the paintings
- ▲ Enhanced guest experience and lower room maintenance cost
- ▲ 3.0-ton air cooled humidity control system.
- ▲ To provide approximately humidity control up to 50% to 70 % in coating area.
- ▲ Useful for investment casting and pharmaceuticals, Eye Hospitals, Offices, Art Galleries, Hotels etc.

controls :

- switch off relay at setpoint.
- manual / auto reset is required to re-start.
- alarm output for high / low humidity.
- dehumidification / humidification.

safety controls:

high/low pressure safety, internal overloads, digital humidity control switch.

construction :

welded steel powder coated frame, 6" casters.

Model : KLH-3000
